

## ■ Hypergeometric0F1

`Hypergeometric0F1[a, z]` is the hypergeometric function  ${}_0F_1(; a; z)$ .

Mathematical function (see Section ??). ■ The  ${}_0F_1$  function has the series expansion  ${}_0F_1(; a; z) = \sum_{k=0}^{\infty} \frac{z^k}{(a)_k k!}$ . ■ See page 363.
